

FLORENCE E. DEWEY SENIOR HOUSING

Bogota, New Jersey

CLIENT:

Lancaster Developers

LOCATION:

Bogota, New Jersey

SERVICES PROVIDED:

Surveying
Site / Civil Engineering
Landscape Architecture

This project was the redevelopment of an existing elementary school on Palisades Avenue. The site is located within a commercial – residential transition area. The proposed development included a piered, residential structure with parking beneath the structure. The building contains forty-six, senior citizen, residential units.

Neglia Engineering Associates responsibilities included regulatory coordination and design, for all site utilities, infrastructure, and site development. Site development activities included parking lot, site access, stormwater management and conveyances, and streetscape design.
